WHY DID YOU CHOOSE SINGAPORE UNIVERSITY OF SOCIAL SCIENCES OVER OTHER SCHOOLS?

It is the only university that offers a Bachelor of Counselling programme that I am interested in. I grabbed the opportunity to study and worked full-time in a relevant industry.

DESCRIBE YOUR FAVOURITE HANGOUT SPOT ON CAMPUS.

I enjoy hanging out in the cafeteria, having conversations over meal with my lecturers and friends. Or in the library, discussing topics of interest with my group of friends.

IN WHAT WAYS DOES SINGAPORE UNIVERSITY OF SOCIAL SCIENCES EXCEED YOUR EXPECTATIONS?

Singapore University of Social Sciences provides me a degree that is recognised in Singapore and has helped me move forward in my career progression and goals. The university makes part-time studies easy for me. It is hassle-free so I can balance my other life roles adequately.

HOW DO YOUR PEERS FEEL ABOUT THE UNIVERSITY?

Most of my peers feel that having a conducive space for social bonding and social activities is very important to us. Given their hectic schedule, most of my peers do not have much time to socialise and feel supported. Hence, we are glad for the given opportunity to form solid relationship with our lecturers and one another.

WHEN WAS YOUR HAPPIEST MOMENT IN SCHOOL AND HOW DID IT HAPPEN?

My happiest moment is when I finally completed my degree, knowing that my struggles are worthwhile and having friends and family there to support me during this period of time.

The programme will prepare graduates to practise in a variety of settings and with diverse populations.

This programme has an Honours option. Students who achieve a CGPA of 3.5 and above upon completion of their basic degree will be invited to pursue the Honours programme, which will be offered only if the requisite number of students sign up for it.

To graduate with a basic degree, students are required to complete a total of 130 credit units (cu) of courses, inclusive of 10 cu of university core courses. A total of 170 cu is required to graduate with Honours, inclusive of 10 cu of university core courses. All courses are 5 cu unless stated otherwise.
